#### Minimum requirements

- A 486-based Intel PC or compatible. A Pentium-based PC is recommended.
- 256 MB RAM.
- 120 MB free disk space.  
(105 MB of disk space suffices when you do not install the sample files)
- The Windows Vista, Windows XP or Windows 2000 operating system.

#### Easy-to-use OCR & Document Archiving Solution

Never retype any text and save a maximum of time using the SmartTasks buttons to scan, recognize, convert and archive all your documents in just a single click.

Save directly to your favorite application

- Automatically send the recognized document into your favorite application. Word, Excel, Acrobat ...
- New supported formats : Word 2007 (DOCX), OpenOffice Document (ODT)

#### Extended support of PDF files

- Turn all your paper documents into searchable PDF files (PDF Image-text).
- Convert any PDF into editable text.

Advanced table recognition

Advanced table recognition and support of the Microsoft format Spreadsheet ML for a perfect table reproduction.

#### Multilingual Solution

Readiris™ Home 12 recognizes 25 different languages.

(See the complete list at [www.irislink.com](http://www.irislink.com)).
